EXPERIENCE

Full Stack Developer

WelkinWits Technologies LLP

Jun 2021 – Present

Calicut, Kerala

- Spearheaded the frontend development of over **60+** websites, focusing on cross-browser compatibility, mobile responsiveness, and integration with AI components.
- Led the development of our flagship product, Wits Class, a dynamic educational platform designed to enhance learning experiences. Built using **React.js**, this project allowed me to deeply engage with React's ecosystem, utilizing features such as Hooks, Router, and state management with Redux.
- Played a crucial role in a team of developers, leading the front-end development and providing guidance on React best practices, which improved team efficiency and product quality.
- Implemented domain management strategies and maintained **DNS** records.
- Contributed to team-based projects, participating in daily **scrum meetings** and continuous **deployment** practices to ensure efficient workflow and code deployment.
- Contributed throughout the **development lifecycle** from conception to deployment.
- Actively participated in Agile sessions to refine project goals and timelines aligning with strategic objectives.

MERN Stack Intern

GeeksforGeeks

Jan 2024 – Apr 2024

- Received assistance from a senior developer in an intensive **MERN Stack** course, focusing on React.js, Node.js, Express.js, and MongoDB.

EDUCATION

MSc Computer Science

Institute of Human Resources Development (IHRD) Calicut Kerala

Aug 2019 – Mar 2021

BSc Computer Science

Institute of Human Resources Development (IHRD) Calicut Kerala

Aug 2016 – Mar 2019
